NEMSIS data from nearly 49 million EMS activations in 2021

The National Emergency Medical Services Information System Technical Assistance Center (NEMSIS TAC) today announced the availability of the 2021 Public-Release Research Dataset, the largest publicly available dataset of emergency medical service activations in the United States.

The dataset includes 48,982,990 EMS activations submitted by 13,949 EMS agencies servicing 53 states and territories
